

Bureau Veritas ADT's WFDCL starts taking reservations for mobile 3.5GHz testing commencing 25 Aug., 2008

A D T

Since the active date for WiMAX Mobile 3.5GHz profile certification has been set for 1st October, 2008, WiMAX Forum just informed Bureau Veritas ADT that we can start taking reservations for WiMAX mobile 3.5GHz profile testing commencing 25 August, 2008.

The testing for 3.5GHz profile covers:

ID	Certification Profile
MP09 (5AL)	3.4-3.6GHz, 5MHz, TDD
MP10 (5BL)	3.4-3.6GHz, 7MHz, TDD
MP12 (5CL)	3.4-3.6GHz, 10MHz, TDD

How to reserve a WiMAX Forum Certification time slot?

- **Step 1:** Visit WiMAX Forum member website. Roll down the scroll bar of member home page and click the first link of Certification Resources. Then, turn to WiMAX Certification Program.
- **Step 2:** Click the blue bar name WiMAXCert and you will be connected to WiMAXCert Tool. Please note only Principle Members can access this and only 2 accounts a principle member company can use.
- **Step 3:** Complete Request for Quotation, select Bureau Veritas ADT as certification lab and fill in the beginning date you prefer. After that, we will contact you in shortly.

WiMAXCert is a centralized booking system controlled by WiMAX Forum, all WiMAX Forum Certification applicants need to follow the steps above to complete the application. If WiMAXCert is not available for 3.5GHz profile when you access, please feel free contact our contact person for further information.
