

Celebration of Bureau Veritas ADT 20th Anniversary and Linkou New Testing Building Opening

Bureau Veritas ADT has entered its 20 years. To celebrate this big event, the “20th Anniversary of Bureau Veritas ADT and Linkou New Testing Building Opening Banquet” was held on 2nd October in Linkou Testing Building which was inaugurated in this year. Up to hundred partners attended the Banquet to celebrate with Bureau Veritas ADT employee.

Since its foundation in 1988, Bureau Veritas ADT has been developing its business in Electronic and Electricity industry for 20 years. At beginning, it was created in Linkou with the name of ADT, providing the service of EMC testing. During the past years, its path extended to HsinChu, Shanghai, Hwaya and Shenzen. Bureau Veritas ADT promises that it can offer the clients the newest and completed one stop services. Moreover, in 2005, we joined the family of Bureau Veritas (BV) which was founded in 1828 and sets up more than 900 offices in 140 countries up to now. Through the network of Bureau Veritas Group, Bureau Veritas ADT can offer more international services to its partners. Until now, Bureau Veritas ADT has developed the completed capacities and capabilities including EMC, RF, Telecom, Safety, OTA, Wi-Fi, WiMAX, DTV and Green. The services cover testing, certification, verification, audit, consulting and training.

On this occasion of 20th anniversary, Bureau Veritas ADT General Manager Tarik Mahammed indicated: we have been keeping expanding the capabilities and capacities. The Linkou testing building was newly opened in this year, wishing to offer the better and more efficient services to the partners. Also, Bureau Veritas ADT has been assisting our partners to comply with international standards, and fulfilling various requirements for the products in relation to regulatory or voluntary framework in the field of Electrical and Electronic. We will continue to closely cooperate with our partners and provide the best world class services in the field of Electrical and Electronic compliance services.
